About Me

Currently pursuing BCA with a focus on Cyber Security. Experienced in web development (HTML, CSS, JavaScript) and proficient in Java programming. Seeking projects that combine cyber security, web development, and Java skills. Passionate about building secure web applications. Known for strong problem-solving abilities, attention to detail, and effective teamwork.

EXPERIENCE

Cybersecurity intern | IBM

- Acquired practical knowledge of industry-standard tools and techniques to safeguard digital assets.
- Gaining valuable hands-on experience in the field.
- Assisted in conducting vulnerability assessments and penetration testing of web Applications.

Porject : VoxVerse

Designed and developed a full-stack blogging website inspired by Medium using technologies such as HTML, CSS, JavaScript .

Implemented user authentication, allowing users to create accounts, log in, and securely manage their blog posts and profiles.

Integrated a responsive and user-friendly interface, optimizing the website for different screen sizes and devices.

Key features user registration, blog post creation, comments, search functionality, or social sharing.
